SECOND DISTRICT DENTAL SOCIETY

Annual Program 2020-2021

Greetings from the President…

Tim McConnell

Greetings!

Thank you for allowing me to serve as your president this year. This year has already proven to be a challenging time for all with the COVID-19. The Second District Dental Society will try to advocate and support our members during this time of uncertainty. I consider it an honor and a privilege. I will work hard to live up to that honor. I would like to thank the Executive Committee members in advance for their dedication and service to make our society successful.

Please take advantage of the continuing education programs and the fellowship afforded at our meetings. Dr. Jack Gotcher and our program committee have provided another excellent agenda for the coming year. Please encourage other members to attend the meetings as their participation helps strengthen our society.

Thank you again and I look forward to seeing you at our meetings!

Sincerely,
Tim McConnell

SECOND DISTRICT DENTAL SOCIETY

2020-2021 SDDS OFFICERS

President	**Tim McConnell**
President Elect	**Steven Brock**
Vice President	**Ryan Bowles**
Treasurer	**Ben Scott**
Secretary	**Christina Honey**
Past President	**Brad White**

Walter Fain

ADA ALTERNATE DELEGATE
James Curtiss

New Young Dentist C.E. Scholarship

If you are 35 or younger and a member of the Second District Dental Society, you have the opportunity to win a year of free attendance to all Second District Dental Society continuing education programs. For each meeting you attend, you may enter a chance to win the drawing at the April meeting. You must be present at the April meeting in order to win.

Thursday, July 16, 2020

Location: Airport Hilton — 2001 Alcoa Hwy, Alcoa, TN 37701

Reception 6:00 p.m. Dinner & Program 6:30 p.m.

Dr. Walter Fain

Will you still need me? Will you still treat me when I'm 64?

$40.00 per person 2 CE Hours

reservations required prior to July 9, 2020

CANCELED

Will you still treat me according to my changing goals and objectives and my changing circumstances - my age, health and ability to pay? What do you do when you have 50 years of knowledge and experience in dentistry (most of which you have forgotten) with patients who have been on that journey with you and now things are changing? Are you preparing your younger patients for their senior years?

Topics covered include: Cracked tooth loss, Interim crowns, Splinting crowns, Changing occlusions, Occlusal guards & Locators.

Walter Fain

Dr. Fain grew up in Knoxville, graduated from the University of Tennessee and has practiced here for 49 years. He has attended thousands of hours of continuing education including over 500 hours at The Pankey Institute as a student and as visiting faculty. He has presented programs at the state and local levels. He is a member of the TDA Board and delegate to the ADA House of Delegates.

Thursday, August 20, 2020

Location: Airport Hilton — 2001 Alcoa Hwy, Alcoa, TN 37701

Reception 6:00 p.m. Dinner & Program 6:30 p.m.

Dr. Shaza Mardina

CSI: CBCT Scan Investigation: How to Navigate the World of 3D Imaging in Dentistry

$40.00 per person CE hours

reservations required prior to August 13, 2020

CANCELED

In this course you will learn how CBCT technology works and its applications in dentistry. Topics covered will include patient selection, scanning protocol and basic interpretation skills with a focus on cases where CBCT improves the patient treatment planning and diagnosis.

Shaza Mardina

Dr. Mardini received her D.D.S. degree from the University of the Pacific Arthur A. Dugoni School of Dentistry in 2001. In 2002 she began a 3 year residency in Oral and Maxillofacial Radiology at the University of Texas Health Science Center at San Antonio. There Dr. Mardini received her M.S. degree and Oral and Maxillofacial Radiology Certification. Following her graduation in 2005, Dr. Mardini joined the faculty at Boston University Goldman School of Dental Medicine as a Clinical Assistant Professor. She spent time teaching in both the Radiology and Emergency Clinics as well as being Course Director for the first year dental radiology course. In 2006 Dr. Mardini was awarded Diplomate status with the American Board of Oral and Maxillofacial Radiology. Dr. Mardini is currently in private practice and the name of her practice is BeamReaders.

STAFF NIGHT

Dr. Hope Watson

Top Dental Plan Concerns

Location: Airport Hilton — 2001 Alcoa Hwy, Alcoa, TN 37701

Reception 6:00 p.m. Dinner & Program 6:30 p.m.

$40.00 per person 2 CE hours

reservations required prior to September 10, 2020

Dr. Hope Watson is the vice chair of ADA Council on Dental Benefit Programs. This lecture will apply to all dental office employees and will help navigate the dental insurance maze. Continued education on dental benefit programs is not only necessary, but vital to the health of a dental practice. Most dentists would agree that dental benefit understanding is a lot of trial-by-error and on-the-job training.

This lecture will explain the basics of preferred provider organizations to help existing staff assist patients with those plans. Topics for discussion include:

- The current dental plan marketplace.
- PPO plan design and terminology.
- Contract clauses and processing policies that affect revenue.
- Avoiding coordination of benefits write-off mistakes.
- How to file an effective and proper appeal.
- How to talk to patients about their dental insurance.

Hope Watson

Dr. Hope Watson is a native of Bluefield, Virginia. She received her undergraduate degree from the University of Tennessee, Knoxville, and her Doctor of Dental Medicine degree from the University of Alabama, Birmingham. Dr. Watson has maintained a private general practice in Maryville, Tennessee for the past 22 years. She is passionate about dentistry and the betterment of her profession. Currently, Dr. Watson serves as the Second District Trustee for the Tennessee Dental Association and the 6th District representative and vice-chair for the ADA's Council on Dental Benefits Programs. She has earned Fellowship in the International College of Dentistry, the American College of Dentistry, the Pierre Fauchard Academy and is Master in the American Society of Implant and Reconstructive Dentistry.

The Annual Earl Henry Memorial Clinic & Luncheon
Chuck Carringer, Ph.D.
Next Level Leadership
Location: Airport Hilton — 2001 Alcoa Hwy, Alcoa, TN 37701

Explore leadership and management's best practices around such topics as leader actions to increase employee engagement, work/life balance, developing a coaching leadership style, characteristics of the most effective teams and much more.

Chuck Carringer

Dr. Chuck Carringer is an executive coach, trainer and speaker based in Knoxville, Tennessee. Chuck holds a doctorate in Executive Leadership emphasizing executive coaching and holds a certification from the prestigious John Maxwell Coaching, Speaking, and Training Certification Program. As an expert in leadership development, Chuck partners with his executive coaching, training, and speaking clients to take their leadership and performance to the next level.

Chuck has conducted over 5000 executive coaching meetings with leaders at every organizational level in dozens of different professional fields, partnering with them to advance in both performance outcomes and leadership development. In addition, he has delivered over 500 training/speaking presentations to diverse audiences featuring best practice content delivered in an engaging and inspirational style.

Chuck serves as a faculty member for the U.S. Chamber of Commerce Institute for Organizational Management and as an executive coach for The University of Tennessee Haslam College of Business Graduate and Executive Education Leadership Development Programs.

Chuck is a former distinguished, public school educator serving in a variety of roles at the high school level including teacher, Hall of Fame Coach, Athletic Director, and Principal (during his tenure the graduation rate increased from 79% to 92% and he successfully completed a 58 million dollar construction renovation project).

Michael Nash, Ph.D., ABPP

The Role of Hypnotherapy in Pain Control

$40.00 per person 2 CE hours

Reservations Required prior to 11/12/2020

Though often denigrated as fakery or wishful thinking, hypnosis has been shown to be a real phenomenon with a variety of therapeutic uses—especially in controlling pain.

Michael Nash

Dr. Michael Nash is a Professor Emeritus in Clinical Psychology at The University of Tennessee. He was Editor of the International Journal of Clinical and Experimental Hypnosis for many years. He has published hundreds of research articles on the nature of hypnosis, and how clinicians can empirically track patient improvement. He also has a practice in Clinical Psychology more generally. He has treated many patients referred by dentists for acute and chronic problems associated with dental treatments, phobias, panic and more generally, smoking cessation, and pain. He is also keenly aware of the challenges faced by dentists regarding patient care. In this presentation, Dr. Nash will describe what hypnosis is, and what it is not. He starts with the science, but quickly moves to patient case examples.

Eric Carlson, DMD, MD, EdM, FACS

Human papillomavirus (HPV) related oral and oropharyngeal cancer

$40.00 per person 2 CE hours

Reservations Required Prior to 2/12/2021

Oral and oropharyngeal cancer represents the eighth most common cancer worldwide and these diagnoses are increasing. While historically these cancers occurred in elderly men who excessively utilized tobacco and alcohol, the twenty-first century has ushered in a new cohort of patients with oral and oropharyngeal cancer including Caucasian males who do not use tobacco or alcohol, and who disproportionately display cancer of the tongue and palatine tonsils. It is the purpose of this lecture to review the demographics and treatment strategies associated with these patients with an emphasis on the twenty-first century carcinogenic paradigm shift, particularly as it applies to the presence of human papillomavirus in these cancers. In addition, preventive measures will be discussed, including those related to HPV vaccination strategies.

Eric Carlson

Dr. Carlson serves as Professor and the Kelly L. Krahwinkel Chairman of the Department of Oral and Maxillofacial Surgery at the University of Tennessee Medical Center and director of the head and neck oncologic surgery fellowship program at the University of Tennessee Cancer Institute. He received his dental degree from the University of Pennsylvania, his medical degree from the University of Miami, and his master's degree in education from Harvard University. He performed his oral and maxillofacial surgery training at Allegheny General Hospital in Pittsburgh, his general surgery training at the University of Tennessee Medical Center, and his head and neck surgery training at the University of Miami.

Location: Airport Hilton — 2001 Alcoa Hwy, Alcoa, TN 37701

Registration & Breakfast 8:15-8:45 a.m. Program 8:45—12:00

Dr. Robert del Castillo

Periodontal Surgery Update; Traditional Surgery vs. Dental Implant Therapy

$75.00 per doctor $50.00 per auxiliary & staff 3 CE hours

Reservations required prior to 3/11/2021

Advanced technologies available today allow us, as clinicians, to diagnosis, treatment plan and perform implant supported therapy in a more sophisticated and profound way with greater accuracy, lower mobility and in shorter timeframes to meet the demands of our patients.

This presentation will review traditional periodontal therapies including osseous surgery, regenerative periodontal therapies, pocket reduction surgery, the role of aesthetic crown lengthening procedures and connective tissue grafting for recession. The role of the patient's biotype will be discussed and what effect it plays on long term sustainable esthetics. The value of converting thin to thick biotypes, will be discussed.

Robert del Castillo

Dr. del Castillo received his dental degree and his Certificate in Periodontics from Tufts University School of Dental Medicine, Boston, MA., 1985-87. He is a member of the American Academy of Periodontology and the Academy of Osseointegration. He has served as an Adjunct Clinical Professor in the Department of Periodontics at Tufts University School of Dental Medicine. He has been on the faculty of Maryland Dental School as a visiting guest lecturer. Dr. del Castillo has been a clinical consultant for several global implant companies (Biomet 3i, Zimmer Biomet, Southern Implants of North America and Zest Dental Solutions).

Dr. del Castillo lectures both nationally and internationally on the topics of regenerative therapies and dental implant therapies. Dr. del Castillo has published in numerous peer reviewed journals on regenerative and implant therapy and is on the editorial review board of The Journal of Prosthodontics. Dr. del Castillo maintains a private practice, limited to Periodontics with strong emphasis on implant and regenerative therapies, in Miami Lakes, Florida.

Dr. Jeannie Beauchamp, TDA President
$40.00 per staff and guests
No charge for members with a reservation
Reservations required prior to 4/15/2021

Jeannie Beauchamp

Dr. Beauchamp was raised in Oak Ridge, Tennessee. She practiced dental hygiene for seven years then returned to school. She earned her D.D.S. degree from the University of Tennessee Health Science Center in Memphis. She then completed a two year pediatric residency. In 1993 she went to Clarksville to work with Dr. Price Hopson until he retired then she established Clarksville Pediatric Dentistry, PC in 1999.

She is very involved in local, state and national dental societies. Dr. Beauchamp is currently the Secretary/Treasurer for the American Academy of Pediatric Dentistry and has also served in other capacities. She has served on the American Dental Association Council of Government Affairs and on the Council of Access, Prevention and Interprofessional Relations. She was a representative on an Advisory Committee of the Joint Commission on Accreditation of Healthcare Organizations for the ADA as well. She is active with the Tennessee Dental Association, currently serving as the President and on the Government Affairs Committee. She is past president for the Tennessee Academy of Pediatric Dentistry.

She is a Fellow of American College of Dentists, Fellow of international College of Dentists, and Pierre Fauchard Academy.
