Randy F. Huffines, DDS, FRCSEd Techniques for Older Patients

\$75.00 per doctor \$50.00 per auxiliary & staff 3 CE hours

Reservations required prior to 3/15/2019

Sponsors

According to the ADA, older adults are the fastest growing patient demographic in the US. Providing quality dental care for them can be very rewarding but also very challenging due to an array of complex dental and medical conditions that become more common as we age. This often requires that the dentist “think outside the box” both in treatment planning and the procedures needed to deliver care appropriate to that patient’s unique situation. Many times, those techniques are not described in textbooks. Learn practical techniques in the use of silver diamine fluoride and other new anticaries agents, restoring the older high-risk caries patient (and when to give up restoring them!), unconventional removable prosthodontics, managing patients on the new “blood thinners” and much, much more.

Randy Huffines

Dr. Randy Huffines is recognized as one of the country's leading experts on aging and oral health. He received his DDS in 1983 from the University of Tennessee. Dr. Huffines left practice for two years to become one of only a handful of practicing clinicians in the United States who has completed a two-year postdoctoral Fellowship in Geriatric Dentistry. During his career he has treated older and medically complex adults in a traditional private practice, in hospitals, and in nursing homes. He is a Past President and a Fellow of the American Society for Geriatric Dentistry, Fellow of the American Association of Hospital Dentists, and Diplomate of the American Board Special Care Dentistry and Fellow of the Royal College of Surgeons, Edinburgh, Scotland. In 2004 he was appointed to the American Dental Association's Elder Care Task Force. He has served on the Editorial Board of two major dental drug references. Randy was the originator of the ADA's Preventive Office of the Year Award. Randy holds faculty appointments in colleges of dentistry, medicine, nursing, and allied health sciences. Despite these responsibilities, Dr. Huffines has spent most of his workweek as a “wet-fingered” clinician providing comprehensive dental care to older and medically complex patients. This extensive practical experience is evident throughout his courses as he illustrates concepts with the thousands of patients he has personally treated. For many years, Dr. Huffines has refused to take financial compensation from the dental industry as a speaker, consultant, or author. He has taken this stand to assure course participants that the information they receive will be based on scientific research and clinical experience instead of on marketing hype.

RESERVATION FORM: FRIDAY, MARCH 29, 2019

Notes from the President

Dear Colleagues,

One of the premier Second District Dental Society's meeting is quickly approaching. The Ben Alley Memorial lecture will be held Friday, March 29th at Gettysvue. I encourage you and your staff to make reservations. Dr. Randy Huffines will lecture on techniques for treating older patients.

If you have not already paid your ADA/TDA/SDDS membership dues please remit your check to the Tennessee Dental Association in order to avoid being charged a late fee or your membership being cancelled.

Josh Campbell

Please also start making plans to attend our state meeting in June. The Music City Dental Conference is always a great meeting. Attending with your staff is a great way to team build and insure that everyone on your team is up to date with continuing education hours. This year the TDA Annual Session will be held June 7-9, 2019 at the Franklin Marriott Cool Springs. I hope to see you there.

Thank you,
Josh

VOLUNTEERS NEEDED

One volunteer dentist needed for Hiwassee's Mobile Dental Unit on April 11 at Madisonville Intermediate School. And one volunteer dentist needed for the MDU at the Chota Health Fair in Madisonville on April 18.

Specific times are TBA but will be approximately 8:00AM-3:00PM both days.

Contact Randa Colbert at (423) 420-1901 or colbertr@hiwassee.edu for more information.

Thursday, April 18, 2019

Installation of Officers

Cherokee Country Club 5138 Lyons View Pike Knoxville, TN.

Reception 6:00 p.m. Dinner & Program 6:30 p.m.

Dr. Paul Cullum, TDA President

\$40.00 per staff and guests

No charge for members with a reservation

Reservations required prior to 4/10/2019

Paul Cullum

Dr. Paul Cullum, a Columbia oral and maxillofacial surgeon, was elected President-elect of the Tennessee Dental Association (TDA) during the TDA's 150th annual session in Gatlinburg.

Dr. Cullum is a 1979 graduate of the University of Tennessee College of Dentistry after receiving his undergraduate degree from the University of Tennessee, Knoxville. He completed his specialty training in oral and maxillofacial surgery in 1987. He is a current member of the American Dental Association (ADA), the TDA, the Sixth District Dental Society, the American Association of Oral and Maxillofacial Surgeons (AAOMS), and Tennessee Society of Oral and Maxillofacial Surgeons (TSOMS). He has served in numerous leadership positions in these organizations, which include President (1997-1998 and 2000-2002) of the Sixth District Dental Society, President (2009-2011) of TSOMS, Sixth District Trustee for the TDA Board of Trustees, and Treasurer of the TDA for the past five years. Dr. Cullum was awarded the TDA Fellowship Award in 2004.

In addition to clinical papers published and presented nationally, Dr. Cullum was instrumental in the successful efforts of the TDA and the TSOMS in having the ADA-recommended definition of dentistry incorporated into the Dental Practice Act. The many hours he spent with colleagues and legislators to win passage of this measure have been recognized by his colleagues and by the AAOMS.

Dr. Cullum's dedication and perseverance were evident early as he was an Eagle Scout and received the God and Country Award from the Boy Scouts. During his military service in the United States Air Force, he was honored with the Surgeon General's Award.
